Annual Home Foreclosures, McLean County

Annual home foreclosures in McLean County have risen at an uneven pace over the time period. McLean County experienced the biggest annual increase between 2005 and 2006, when home foreclosures rose by over twenty-five percent. Since then, the County has shown smaller annual increases in home foreclosures. Nonetheless, rising home foreclosures remain a concern for McLean County leaders going into 2009.

Year	Annual Foreclosure Filings	% Increase Y on Y
2003	314	--
2004	328	4.5%
2005	356	8.5%
2006	447	25.6%
2007	484	8.3%
2008	503	3.9%
